2024-2025 BOARD MEETING REPORT

MVCRA Regional Director

MVCRA's annual educational meeting was held at Kettering Health on April 29. There were 25 in attendance. There was a combination of virtual and in-person attendance. Two educational presentations were provided by Kettering Health staff.

During the business meeting, suggestion was made to use the balance of funds in our bank account toward the 2025 state meeting and possibly donate any remaining funds, then close the account. However, the bylaws need to be amended, and then a vote taken for approval, before that can occur.

Most of the discussion during the business meeting was centered around preparation for hosting the 2025 OCRA state meeting. The title for this year's meeting is "Reaching New Heights in Cancer Registry," with the theme reflecting Dayton's contribution to aviation via the Wright brothers. The meeting is scheduled for September 25-26, 2025. Emily Stewart, from OCISS, continues to help us coordinate speakers for the event.

A business meeting for further planning for the annual meeting was held virtually on May 20, 2025. OCRA's treasurer, Patty Jurecko, attended to provide details of funds available for various spending categories for the meeting.

Our next planning meeting is scheduled for June 24.
